# LINVILLA ORCHARDS

Linvilla Orchards is a 300-acre family farm dedicated to agriculture, entertainment and education, offering exciting events, activities and attractions year-round!

Linvilla has something for everyone, from visiting with our Barnyard Friends and playing in our Playland Playground, picking your own fruit, or cutting down your family's Christmas tree. Each season brings more things to see and do at Linvilla. Take a hayride through our fields and orchards; catch a big fish in Orchard Lake and enjoy the many extra activities throughout the seasons.

A trip to Linvilla creates family memories that last a lifetime and generations of Delaware Valley families have returned year after year to experience all of the things that make Linvilla Orchards special.
